The product is manufactured under a production control system, which guarantees conformity between the manufactured products and technical data. Installation, connection, maintenance and usage should take place in accordance with the product's instructions and design, which are described in the manufacturer's technical documentation as well as according to practice.

In accordance with the EC declaration of conformity, the product must not be modified without the manufacturer's permission. If this occurs, this documented EC declaration ceases to apply and the product's owner is considered to be the manufacturer and must verify and draw up an addendum to the EC declaration and file technical data for the inspection authority.

The product is CE-marked.
